

# **Realtime and Big Data Analytics Project Proposal**

## ***Part 1. General Information***

Team Members: Ansa Ephraim, Aditya Garg, Ashutosh Trivedi

Project Title: Analysis of Citation Network

Project Description:

We access citation database of conferences over a period of time. Some analytics we hope to derive are

- 1) Potential Hot Topic : Paper with the least citation distance from all the published papers.
- 2) Citation distance between 2 members on the same panel
- 3) Citation distance between member of panel and published author
